

Flynn Pharma Ltd Methodological Note for Annual Disclosure of Contracted Services, Donations, Grants and Sponsorship (including in relation to events/meetings) Provided to Patient Organisations and Disclosure of Contracted Services Provided by the Public, Including Patients and Journalists (2022 Data)

All activities and engagements carried out by Flynn Pharma Ltd. (Flynn) with the public, patients, patient organisations and journalists in the UK (and across the wider EU) are both in accordance with, and in keeping with the Association of British Pharmaceutical Industry Code of Practice for the Pharmaceutical Industry, 2021 (the Code). As such, all payments to the above, will be published on our corporate website in accordance with the Code (www.flynnpharma.com).

Commitment to transparency

Flynn Pharma is committed to preserving the integrity of the Code. Payments, or payments in-kind, made by Flynn to patients, patient group organisations and journalists will be collated on a secure internal company database.

All payments related to the following categories will be disclosed:

- Donations, grants and benefits in kind
- Sponsorship
- Fees

Paperwork associated with all activities will be recorded, checked, stored and made available by Flynn as required by the Code.

In a situation where a payment is made to an organisation but is intended for the use of a specific individual, the payment will be recorded and declared as a payment made to that individual.

In line with all invoices and payment requests received, Flynn will pay all fees and appropriate local taxes such as 'VAT' (Value Added Tax) at the specified local rates.

All contracts (both one-off contracts and annual contracts) make clear the intention of Flynn to comply with both the letter, and the spirit, of the Code in relation to the publication of all payments made during the reporting year as required by the Code.

Multiyear contracts will be reviewed on an annual basis to ensure compliance with the Code and any changes in the reporting requirements relating to ToV.
